

## COCURRICULAR AND EXTRACURRICULAR PROGRAMS

The Board supports the concept that a wide variety of extracurricular activities should be made available to students. However, participation in such activities is a privilege—not a right. Such activities shall be conducted in accordance with the following guidelines:

1. Activity offerings shall be of sufficient variety and number to meet the wide range of interests of students.
2. Most activities shall be an outgrowth of curriculum activities.
3. All participation shall be voluntary.
4. Guidance shall be offered to encourage non-participants who need the activity and to curb the overly enthusiastic from over-participation at the expense of academic performance.
5. The goal for each student shall be a balanced program of academic studies and extra class activities.
6. All activities shall be supervised. All clubs and groups shall have a faculty advisor, or an advisor approved by the Board of Education.

Activities under the sponsorship or direction of the school are of the type for which participation generally is not required and credit is generally not given.

Any activity which requires students to stay after school or to return at night must have the approval of the Superintendent.
